### **Greetings!**

Summer is officially over and for some that may be devastating but for MEBUS it is an exciting reality! We had a very busy summer traveling to London for our third annual study abroad trip, developing new courses, MEBUS alums making it in the "real world," and we now have faculty in a Country Music Hall of Fame exhibit!

# 2016 MEBUS Study Abroad Trip Another Huge Success!

Fall semester has begun which means MEBUS got back from London just a few weeks ago. We just completed our third year traveling across the pond to the UK!

#### **NEWS & EVENTS**

Recent MEBUS Alums Landing Big Jobs After Graduation

The MEBUS Class of 2016 is off to an impressive start! After only graduating a few months ago two alums worked their contacts hard and landed amazing entertainment industry jobs! Harper Nevel, Media Studies major, accepted the Operations Coordinator position at Sixthman earlier this month while Ansley Sickeler, Management major, more recently accepted a position at BrickHouse Entertainment in Nashville, Tennessee.

Congratulations to both Ansley and Harper and we wish you all the success in the future. We look forward to having you back in the classroom as guest speakers one day very soon!

From discussing the effects of Brexit with Member of Parliament Steven Pound to meeting with top executives from Sony London, BMI London this year could not have been more exciting. We even had a surprise visit to <u>Tileyard Studios</u> where we met with music business executives and saw Europe's first of its kind entertainment industry community. From entertainment technology companies to recording studios to indie record labels to educational facilities this place has it all.

Students were also able to attend multiple musical events such as the BBC Proms David Bowie Tribute Concert held at the Royal Albert Hall and a smaller show at the O2 Arena - Islington. It is important for students to experience what the live music scene is like in Europe's biggest hub for music, London.

Every year gets better and more exciting with new MEBUS connections and great students who have such a strong passion for the entertainment industry.

"I am so overjoyed by my experience and I wouldn't have changed a thing! It has taught me that the music and entertainment business program has many options for me and there will always be a place for my creativity. The memories and people I have met are priceless and will forever stay with me."

The exhibit will be at the <u>Country Music Hall of Fame and Museum</u> until June 18th of next year. The exhibit includes three of John Driskell Hopkins' Modulus Graphite bass guitars, each named for one of his daughters, custom painted electric guitars from Coy Bowles and much, much more!
